

<Manager's Name>,

I would like to attend [DynamicsCon 2025](#), a community conference hosted by [Dynamics User Group \(DUG\)](#). This event will help me gain efficiencies and a deeper understanding of the products and tools we are currently using/may consider implementing down the road. DUG combines valuable education with a tight-knit community atmosphere that helps individuals like myself get the most out of the event. I know you will have questions about this event. Below are the event details for [DynamicsCon 2025](#).

May 13 - 16, 2024, in Chicago, IL. The Dynamics User Group team has summoned all the Dynamics 365, Dynamics GP, and Power Platform superheroes worldwide to join forces at [DynamicsCon 2025](#) to engage in 1:1 help from product experts and Microsoft MVPs, networking, educational sessions, and partner/ISV showcases.

I'm able to get Early Bird pricing at \$1,400, if I register by September 30th. This ticket includes access to over 275 sessions, breakfast, lunch, and 2 evening social receptions. Dynamics User Group offers a discounted hotel rate of \$279 per night + room tax.

This conference is 3 days of focused training and access to veteran product experts in all areas of Dynamics Business Applications: Dynamics 365 Business Central, Finance and Supply Chain, and Customer Engagement, as well as Dynamics GP, Power Platform, AI, Copilot, and more! Heroes in the DynamicsCon community will come to the rescue outside of the classroom to help answer questions and network one-on-one.

Microsoft, along with its team of gold partners and ISVs will be on hand to forge new paths for all product users. These dedicated community members will help identify weak points and technological challenges while making D365, GP, and Power Platform a stronger and more resilient software for all users!

Over 3,000 professionals will convene in one place, spanning over five areas including, but not limited to D365, GP, and Power. Each track is brimming with innovative information and ideas that the DUG community is eager to share, discuss and connect on. Imagine all of this in one location **saving our company countless hours of effort**. The cost to send one employee is well worth the engagement with community.

Please consider allowing me to attend [DynamicsCon 2025](#); it could significantly impact the future of our business. Tickets are selling quickly, and I would like to secure my place before the event is sold out.

Thank you for your support and consideration.
