

Skill up together— wherever you like

Your Microsoft D365 and Power Platform connections are everywhere.

Choose from user groups down the road to online communities across the globe.

Share knowledge

Connect with others who share your interests.

Learn from product experts

Interact with industry insiders.

Build your skills

Troubleshoot and learn new skills in a friendly setting.

Connect personally— Experience globally

Discover groups that offer unique and inclusive culture with:

- More than 3 million active community users online
- More than 15,000 user group members
- Over 450 local user groups worldwide
- Groups in 90 countries and 300 cities

Grab the powers of connection

- **Overcome your toughest challenges** by acquiring new skills and best practices to drive your success
- **Learn wherever you like in** local in-person settings or global online communities
- **Expand your new personal network** of local Microsoft employees, partners, not to mention new friends
- **Meet your peers in real life** and learn what they know at local events near you
- **Uplevel your career** with personal connections to more opportunities for advancement and contribution

You choose the connection—
we'll help you make it

Whether you prefer to join local user groups, online skilling, or both, the entire Microsoft Dynamics 365 and Power Platform Community Success Team is here to help you grow, connect, and thrive in the incredible future we're building together.
