

**There's
nothing
generic
about what
we do.**

**We focus on innovation
and specialization – the
intersection at which the
world truly transforms.**

Crowe has been a Microsoft Solutions Partner
for more than a decade.

- ✓ Microsoft Dynamics 365™
- ✓ Microsoft Power Platform™
- ✓ Microsoft Azure™

**Our partnership with Microsoft
thrives on delivering solutions
to meet the specific needs of
areas we serve:**

- Public sector
- Metals
- Lease management
- Financial services

We know Microsoft. And we know...

Public sector

With more than 50 years of public sector experience, the Crowe team of auditors, consultants, and specialists is prepared to help you create smarter cities, safer communities, and better services for constituents.

- ✓ State and local government
- ✓ Transportation agencies
- ✓ Port authorities

Metals

For more than a decade, Crowe has been helping metals companies overcome challenges like demand forecasting, precise coil slitting, and lack of visibility with tools and technology like Crowe Metals Accelerator.

- ✓ Wire and cable
- ✓ Pipe and tube
- ✓ Service centers
- ✓ Building products

Lease management

Our team of accountants is deeply familiar with the struggles of manually managing data in spreadsheets and the time-consuming process of double-checking for accuracy. That's why tower companies and other asset-leasing businesses turn to Crowe Lease Management.

- ✓ Towers leasing
- ✓ Digital accounting
- ✓ Trailer leasing
- ✓ Freight and rail leasing

Financial services

When wealth management or insurance companies want to demonstrate customer loyalty, eliminate error-prone hand-keying, automate financial statements, or address problem loans, they call Crowe.

- ✓ Wealth management
- ✓ Insurance
- ✓ Banking
