

**A Partner You Can Trust**

**Microsoft Dynamics 365 Business Central  
Microsoft Dynamics NAV**

# Principled.

We pride ourselves on core Midwestern values and know there is no substitute for personal and professional integrity.

We believe it boils down to these five things:

## **Integrity**

We believe in uncompromising integrity and always speak the truth.

## **Teamwork**

We believe in standing shoulder to shoulder with our co-workers, customers and partners, doing whatever is necessary to reach a common goal.

## **Empathy**

We seek first to understand in order to more effectively work together.

## **Fun**

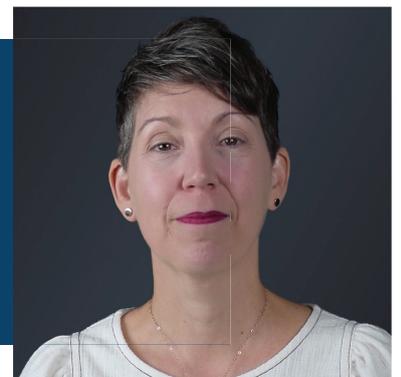

We spend a lot of time together - let's make it fun!

## **Dedication**

We are committed to doing whatever is necessary, period.

*"When we work with Innovia, they focus on the relationship, the process, the quality outcome and they really are advocates to make sure that we have business success."*

***Andrea Hall, Director of IT at Stonewall Kitchen***

# Focused.

## Laser-Like Intensity

Since 1999, we've specialized in making Business Central (formerly known as NAV) work and we have the experience to show for it. With hundreds of projects under our belt, we're one of only a handful of firms nationwide that can optimize your network infrastructure for Business Central, including cloud hosting and Office 365.

We know your expectations are high. You want a top-shelf CSP partner focused and committed to completing your projects and supporting your needs. That's what we're prepared to be. Since 1984, we've been a Key Microsoft Partner with accomplishments including:

- ✓ NAVUG Board of Advisors, Past Advisory Chairman and Chapter Leaders
- ✓ Members of the NAVUG Programming and Membership Committees
- ✓ Partner Advisory Board member
- ✓ Gold ERP Certified for over 20 years
- ✓ Partner Advantage Program participation since 2006 (Microsoft Escalation Program)
- ✓ Gold Cloud Platform and Cloud Productivity certifications
- ✓ Gold Data Analytics certified

**The Bottom Line: Innovia customizes, upgrades and supports Business Central. It's all we do.**

# Dependable.

## We've Got Your Back

If you're looking for a Business Central support partner that's always there for you, then look no further than Innovia.

Our clients are our best proof that we come through for them time after time:

- ✓ Five Microsoft Customer Excellence Awards in the last 10 years
- ✓ Top feedback on Microsoft's Customer Satisfaction Index
- ✓ Recognized as a VAR 100 top partner in the U.S.

Since 1984, we've been building lasting client relationships by making sure we're always there for them with:

- ✓ Dedicated U.S. based NAV / BC development employees
- ✓ A Dedicated Support Desk staffed with U.S. based experts
- ✓ Phones answered 24/7 by real people, experts with over 10 years of Business Central experience, ready to help you
- ✓ User Training delivered by professionals with 10+ years of software experience

**The Bottom Line: We're always here for you.**

*"I place a heavy emphasis on soft skills and look for three 'C's in my partners; Culture, Chemistry and Creativity. Innovia perfectly captures that. They make us a smarter organization, they make us a priority when problems arise, and they treat us like family and not just another number in their portfolio."*

**Tony Darden, Director of IT at Caplugs**

# Neighbors.

## **We're in Your Backyard**

Large enough to solve your problem, small enough to know your name.

We're headquartered in Onalaska, Wisconsin with three regional offices located in Wisconsin and Indiana. Innovia is dedicated to building up our local chapters of Dynamic Communities. In fact, we're a founding member and proud supporter of several BCUG | NAVUG regional chapters.

Unlike other consulting firms, most of our employees actually live in the communities in which they work. As a company, we're committed to supporting each and every one of these communities with contributions to important local organizations on behalf of our employees.

Innovia Consulting has become a technology provider of choice in the upper Midwest and is committed to building lasting relationships by delivering business solutions that exceed expectations.

**The Bottom Line: Doing well and doing good go hand in hand.**

*"The two key reasons for choosing Innovia were their knowledge base and their business model, they have a deep bench which is what we needed to get our problems solved."*

***Andy Brant, Information Systems Manager at Lundberg***
