

For Microsoft Dynamics

Credit Card and eCheck Processing

Receivables Automation

Self-Service Payment Portal

Simplify your payment acceptance by processing secure electronic payments directly within Microsoft Dynamics.

Automate

Send automatically triggered invoice notifications and payment receipts to customers.

Empower

Direct customers to your branded self-service payment portal where they can view and pay their invoices online.

Integrate

Process secure transactions directly from Microsoft Dynamics Invoices, Orders, and Cash Receipts.

Secure

Keep sensitive credit card and account information away from your business by sending secure payment links directly to customers.

Schedule

Sign up customers for automated recurring payments with flexible scheduling options.

Save

Receive the best payment processing rates by sending full transaction details pulled from Microsoft Dynamics.

Businesses that rely more on manual AR processes have been found to have **30% longer** Days Sales Outstanding (DSO) averages than businesses who rely more on automated AR processes.
