

# 7 reasons why you should resell Dynamics 365 with Sherweb

## Looking for a new way to expand your D365 business?

Start by working with a value-added cloud solutions provider like Sherweb. We'll help you grow your Dynamics 365 offering with business strategies, cloud services and go-to-market expertise.

Sherweb is one of the top distributors for Dynamics 365 under Microsoft's Cloud Solution Provider program (CSP). This means you deal directly with us instead of Microsoft. And because we work so closely with Microsoft, we have access to all the latest software updates and cloud solutions.

## Here are 7 ways Sherweb can help:

**1**

### **A fast track to market with the CSP**

Go to market in just 10 minutes and avoid Microsoft's requirement to provide 24/7 technical support.

**2**

### **An easier way to provision and bill clients**

Use our partner portal to license, provision and bill your customers from one central location. Take advantage of our powerful integration tools.

**3**

### **Expert sales and marketing advice for Dynamics 365**

Our team will help you build a solid marketing plan for Dynamics 365, which includes campaigns-in-a-box and 1:1 consultations with our Dynamics experts.

**4**

### **A jam-packed partner toolbox**

Get access to a wide range of sales and marketing tools such as sales battlecards, product fact sheets plus the latest D365 licensing guide.

**5**

### **Turnkey solutions to onboard your clients**

You'll get expert advice about onboarding new customers. Take advantage of our turnkey solution plus a fixed cost deployment for your SMB clients.

**6**

### **Partner-to-partner program**

Extend your skill set by working with other partners who are Dynamics 365 experts. Get crucial advice about scoping and licensing so you can explore new business opportunities.

**7**

### **Focus on your core business**

Take advantage of the resources we offer, such as technical support and a complete migration service, so you can concentrate on growing your Dynamics business.

## Largest software market

There's never been a better time to tap into the booming market for CRM and ERP software. Recent statistics by Microsoft Global/Worldwide Data show that organizations are starting to invest more time and money in business applications.
