Training Platform

There's no need to reinvent the wheel. Get your team up to speed quickly with a training platform designed with users in mind.

Custom Courses

What makes you unique drives your success. Complement standard training with custom courses built for you.

Hybrid Training

Sometimes a personal touch goes a long way. Combine self-paced learning with instructor-led sessions to ensure success.

Change Management

Change fails when people are left behind. Enable transitions with training that empowers users and accelerates adoption.

Pre-Project Orientation

Move forward with confidence

Project Start Initiation

Build competence for smart design

Mid-Project Enablement

Bring order to implementation

Project End Rollout

Scale confidently for go-live

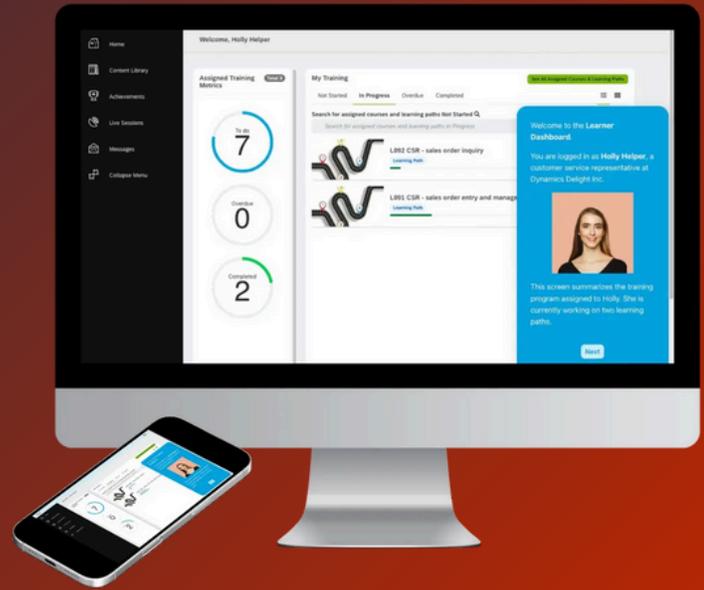

Post-Project Onboarding

Sustain progress with learning

Master Dynamics 365

Your Way

- Fit training to your schedule
- Build skills relevant to you
- Improve faster with insights

6 Products **24** Modules **1,500+** Micro Courses **100+** Learning Paths **180+** Assessments
